

# What are you looking at?

Tired of not knowing who's who on your underwater adventures? Learn how to identify many of our SoCal fish, invertebrates and algae in these fun, informative and free classes. Also learn how to do REEF (*Reef Environmental Education Foundation*) surveys and become part of this worldwide citizen science program. This class will change the way you dive!

**Fish ID** - Thu Sept 24th 2009, 5pm

**Invertebrate/Algae ID** - Fri Sept 25th 2009, 5pm

**Practice Survey Dive** - Sat Sept 26th 2009, 8:30am - Malaga Cove

Dive followed by BBQ – free food, and prizes!

All classes held at the Manhattan Beach REI

Classes are informative, fun and free, but registration is required.

Taught by Janna Nichols and Dr. Christy Semmens

Sponsored by Reef Environmental Education Foundation and REI
